The conditions set forth or referred to below shall apply to the extent not otherwise specifically stated in the quotation or in the agreement.

1. INTERPRETATION

1.1 In these Conditions:

"Buyer" means the person who accepts a quotation of the Seller for the sale of the Goods or whose order for the Goods is accepted by the Seller; "Goods"

means the goods (including any installment of the goods or any parts for them) which the Seller is to supply in accordance with these Conditions:

"Seller" means the companies under PanBlast Group;

"Conditions" means the terms and conditions of sale set out in this document and (unless the context otherwise requires) includes any special terms and conditions agreed in writing between the Buyer and the Seller:

"Contract" means the contract for the sale and purchase of the Goods;

"Writing" includes telex, cable, facsimile, email transmission and comparable means of communication.

1.2 Any reference in these Conditions to any provision of a statute shall be construed as a reference to that provision as amended, re-enacted or extended at the relevant time.

1.3 The headings in these Conditions are for convenience only and shall not affect their interpretation.

2. BASIS OF THE SALE

2.1 The Seller shall sell and the Buyer shall purchase the Goods in accordance with any written quotation of the Seller which is accepted by the Buyer, or any written order of the Buyer which is accepted by

the Seller, subject in either case to these Conditions, which shall govern the Contract to the exclusion of any other terms and conditions Subject to which any such quotations is accepted or purported to be

accepted, or any such orders made or purported to be made, by the buyer.

2.2 No variation to these Conditions shall be binding unless agreed in writing between the authorised representatives of the Seller and the Buyer.

2.3 The Seller's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by the Seller in writing. In entering into the Contract the Buyer acknowledges that

it does not rely on, and waives any claim for breach of any such representations which are not so confirmed.

3. ORDERS AND SPECIFICATIONS

3.1 The quantity, quality and description of and any specification for the Goods shall be those set out in the Seller's quotation (if accepted by the Buyer) or the Buyer's order (if accepted by the Seller).

3.2 If the Goods are to be manufactured or any process is to be applied to the Goods by the Seller in accordance with a specification submitted by the Buyer, the Buyer shall indemnify the Seller against all

loss, damages, costs and expenses awarded against or incurred by the Seller in connection with or paid or agreed to be paid by the Seller in settlement of any claim for infringement of any patent,

copyright, design, trademark or other industrial or intellectual property rights of any other person which results from the Seller's use of the Buver's specification.

3.3 The Seller reserves the right to make any changes in the specification of the Goods which are required to conform with any applicable safety or other statutory requirements or, where the Goods are to be

supplied to the Buyer's specification, which do not materially affect their quality or performance.

3.4 No order which has been accepted by the Seller may be cancelled by the Buyer except with the agreement in Writing of the Seller and on terms that the Buyer shall indemnify the Seller in full against all

loss (including loss of profit), costs (including the cost of all labour and materials used), damages, charges and expenses incurred by the Seller as a result of the cancellation.

4. PRICE OF THE GOODS

4.1 The price of the Goods shall be the Seller's quoted price or, where no price has been quoted, the price listed in the Seller's published price list current at the date of acceptance of the order. Unless

otherwise specified in writing, all prices quoted are valid for 30 days only or until earlier acceptance by the Buyer, after which time they may be altered by the Seller without giving notice to the Buyer.

4.2 The Seller reserves the right, by giving notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any increase in the cost to the Seller which is due to any factor beyond

the control of the Seller (such as but not limited to, any foreign exchange fluctuation, currency regulation, alteration of duties, significant increase in the costs of labour, materials or other costs of

manufacture), any change in delivery dates, qualities or specifications for the Goods which is requested by the Buyer, or any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate information or instructions.

4.3 Except as otherwise stated under the terms of any quotation or unless otherwise agreed in Writing between the Buyer and the Seller, where the Seller agrees to deliver the Goods otherwise than at the

Seller's premises, the Buyer shall be liable to pay the Seller's charges for transport, packaging and insurance.

5. TERMS OF PAYMENT

5.1 Subject to any special terms agreed in Writing between the Buyer and the Seller, the Seller shall be entitled to invoice the Buyer for the price of the Goods on or at any time after delivery of the Goods,

unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event the Seller shall be entitled to invoice the Buyer for the price at any time after the

Seller has notified the Buyer that the Goods are ready for collection or (as the case may be) the Seller has tendered delivery of the Goods.

5.2 The Buyer shall pay the price of the Goods immediately upon receipt of the Seller's invoice or within the credit period agreed in writing or stipulated in the invoice by the Seller, notwithstanding that delivery

may not have taken place and the property in the Goods has not passed to the Buyer. The time of payment of the price shall be of the essence of the Contract.

- 5.3 If the Buyer fails to make any payment on the due date then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to:
- 5.3.1 cancel the Contract or suspend any further deliveries to the Buyer; and
- 5.3.2 charge the Buyer interest (both before and after judgment) on the amount unpaid, at the rate of 1.5 per cent per month until payment in full is made.

6. DELIVERY

- 6.1 Delivery of the Goods shall be made by the Buyer collecting the Goods at the Seller's premises at any time after the Seller has notified the Buyer that the Goods are ready for collection or, if some other place for delivery is agreed by the Seller, delivering the Goods to that place.
- 6.2 Any dates quoted for delivery of the Goods are approximate only and the Seller shall not be liable for any delay in delivery of the Goods howsoever caused. Time for delivery shall not be of the essence

unless previously agreed by the Seller in writing. The Goods may be delivered by the Seller in advance of the quoted delivery date upon giving reasonable notice to the Buyer.

6.3 Where delivery of the Goods is to be made by the Seller in bulk, the Seller reserves the right to deliver up to 5 per cent more or less than the quantity ordered, and the quantity delivered shall be deemed the quantity ordered, with the price adjusted accordingly.

6.4 Where the Goods are to be delivered in installments, each delivery shall constitute a separate contract and failure by the Seller to deliver anyone or more of the installments in accordance with these

Conditions or any claim by the Buyer in respect of anyone or more installments shall not entitle the Buyer to treat the Contract as a whole as repudiated.

6.5 If the Seller fails to deliver the Goods for any reason other than any cause beyond the Seller's reasonable control or the Buyer's fault, and the Seller is accordingly liable to the Buyer, the Seller's liability

shall be limited to the excess (if any) of the cost to the Buyer (in the cheapest available market) of similar goods to replace those not delivered over the price of the Goods.

6.6 If the Buyer fails to take delivery of the Goods or fails to give the Seller adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer's reasonable

control or by reason of the Seller's fault) then, without prejudice to any other right or remedy available to the Seller, the Seller may:

6.6.1 store the Goods until actual delivery and charge the Buyer for all reasonable costs (including insurance) of storage, plus interest at the rate of 1.5% per month or part thereof, from the date the

Seller notifies the Buyer that the Goods are ready for collection; or

6.6.2 sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) charge the Buyer for any shortfall below the price under the Contract.

6.7 On all C.I.F or C.F.R contracts, the entire risk of damage to or loss of such products, the risk of delay in transportation and/or delivery, and all other risks of whatsoever kind from whatsoever cause arising,

shall pass to and be assumed by Buyer upon delivery to Buyer or his agent of the original (negotiable) shipping documents. All such contracts are subject to the terms and conditions of the ocean bill of

lading or airway bill, and Seller assumes no additional obligation to affect delivery to any destination in the event of any diversion or failure of the carrying vessel to discharge at the port specified on the bill

of lading or airway bill. On C.I.F. contracts, it is understood that insurance provided by Seller shall be to the port of discharge only and shall be in accordance with the terms of the insurance applicable to each shipment.

7. RISK AND PROPERTY

7.1 Risk of damage to or loss of the Goods shall pass to the Buyer:

7.1.1 In the case of Goods to be delivered at the Seller's premises, at the time when the Seller notifies the Buyer that the Goods are available for collection; or

7.1.2 In the case of Goods to be delivered otherwise than at the Seller's premises, at the time of delivery or, if the Buyer wrongfully fails to take delivery of the Goods, the time when the Seller has tendered delivery of the Goods.

7.2 Notwithstanding delivery and the passing of risk in the Goods or any other provision of these Conditions, the property in the Goods shall not pass to the Buyer until the Seller has received in cash or cleared funds payment in full of the price of the Goods.

7.3 Until such time as the property in the Goods passes to the Buyer, the Buyer shall hold the Goods as the Seller's fiduciary agent and bailer, and shall keep the Goods separate from those of the Buyer and

third parties and properly stored, protected and insured and identified as the Seller's property.

7.4 Until such time as the property in the Goods passes to the Buyer, the Seller shall be entitled at any time to require the Buyer to deliver up the Goods to the Seller and, if the Buyer fails to do so forthwith, to

enter upon any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.

7.5 The Buyer shall not be entitled to pledge or in any way charge by way of security for any indebtedness any of the Goods which remain the property of the Seller, but if the Buyer does so all moneys owing

by the Buyer to the Seller shall (without prejudice to the foregoing or to any other right or remedy of the Seller) forthwith become due and payable.

8. WARRANTIES AND LIABILITIES

- 8.1 Subject to the conditions set out below, the Seller warrants that the Goods are of merchantable quality and are free from defects in material and workmanship at the time of delivery.
- 8.2 The above warranty is given by the Seller subject to the following conditions:
- 8.2.1 the Seller shall be under no liability in respect of any defect in the Goods arising from any drawing, design or specification supplied by the Buyer:
- 8.2.2 the Seller shall be under no liability under the above warranty (or any other warranty, condition or guarantee) if the total price for the Goods has not been paid by the due date for payment;
- 8.2.3 the above warranty does not extend to parts, materials or equipment not manufactured by the Seller, in respect of which the Buyer shall only be entitled to the benefit of any such warranty or quarantee as is given by the manufacturer to the Seller.
- 8.3 Where any valid claim in respect of any of the Goods which is based on any defect in the quality or condition of the Goods or their failure to meet specification is established within 7 days for local delivery
- and 14 days for export shipments, the Seller shall be entitled to repair or replace the Goods (or the part in question) free of charge or, at the Seller's sole discretion, refund to the Buyer the price of the
- Goods (or a proportionate part of the price), but the Seller shall have no further liability to the Buyer.
- 8.4 Subject as expressly provided in these Conditions, all warranties, conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law.
- 8.5 The Seller shall not be liable to the Buyer by reason of any representation, or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the Contract, for any
- consequential loss or damage (whether for loss of profit or otherwise), costs, expenses or other claims for consequential compensation whatsoever (and whether caused by the negligence of the Seller, its
- employees or agents or otherwise) which arise out of or in connection with the supply of the Goods or their use, except as expressly provided in these Conditions.
- 8.6 The Seller shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of any delay In performing, or any failure to perform, any of the Seller's obligations in relation to the Goods,
- if the delay or failure was due to any cause beyond the Seller's reasonable control. Without prejudice to the generality of the foregoing, the following shall be regarded as causes beyond the Seller's reasonable control:
- 8.6.1 Act of God, explosion, flood, tempest, fire or accident;
- 8.6.2 War or threat of war, sabotage, insurrection, civil disturbance or requisition;

- 8.6.5 Difficulties in obtaining raw materials, labour, fuel, parts or machinery;
- 8.6.6 Power failure or breakdown in machinery.

9. INSOLVENCY OF BUYER

- 9.1.3 the Buyer ceases, or threatens to cease, to carry on business; or
- 9.1.4 the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.
- 9.2 If this clause applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to cancel the Contract or suspend any further deliveries under the Contract
- without any liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

- other address as may at the relevant time have been notified pursuant to this provision to the party giving the notice.

 10.2 No waiver by the Seller of any breach of the Contract by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other provision.
